## CAREER OBJECTIVES

Experienced React Frontend Developer seeking a dynamic role where I can utilize my expertise in developing user-friendly and visually appealing web applications to drive business success and deliver exceptional user experiences.

## PROFESSIONAL WORK EXPERIENCE

### FRONT END SOFTWARE ENGINEER

Multisys Technologies Corp. / January, 2021 - Present

“Multisys is a software engineering solutions firm that provides a wide range, cost-effective, and full scale service to tailor-fit and empower businesses.”

- Improving system quality by identifying issues and common patterns, and developing standard operating procedures.
- Enhancing applications by identifying opportunities for improvement, making recommendations and designing and implementing systems.
- Maintaining, creating new modules, and improving existing codebases & peer review code changes.

### FULL STACK WEB DEVELOPER

August 99, Inc. / August, 2019 - January, 2021

“August 99 is a startup incubator and business accelerator. With headquarters in Singapore and operational teams based in Manila, Philippines, we provide the hands-on mentorship, resources, network, and environment entrepreneurs need to launch, fund, and grow their startups globally and in the region.”

- Work with SEO & Digital team to continuously improve and develop features that will help drive traffic and conversion to the project.
- Contribute to strategic planning and delivery of projects and engagement with the team and product owners.
- Provides added features, support/fixes for bugs, Code Reviews & business as usual (BAU) requests.

## PRE-PROFESSIONAL WORK EXPERIENCE (INTERN)

### ASSOCIATE SOFTWARE APPLICATION DEVELOPER

Accenture, Inc. / November, 2018 - February, 2019

“Accenture , inc. is a multinational professional services company that provides services in strategy, consulting, digital, technology and operations.”

- Provided assistance in daily monitoring of client’s database record.
- Contributed in updating, debugging and programming tracking codes and stage testing.
